- TDD

SUMMARY

I'm a Full-Stack JavaScript Developer, currently working at TCS as an Application Support Level 2 and 3. I've been working with web technologies since 2017, but I started studying computer science in 2013.

Currently, I'm working with Cloud Services such as Google Cloud and Amazon Web Services with Docker and Kubernetes.

EXPERIENCE

TATA Consultancy Services 2 years

- **Application Support level 2 and 3**

Description:

I take care of data fixes on the databases, deploying and maintaining Rancher with Kubernetes clusters on the cloud, find errors over Splunk logs, smoke test applications during deployments, and others. There, I work with technologies such as Azure DevOps, Splunk, Rancher, Kubernetes, Docker, MongoDB, MySQL, NodeJS, Angular, and many others.

- **Quality Assurance Tester**

Description:

I worked as a UAT (User Authentication Tester); I realized activities such as Black-Box and Grey-Box Testing, Unit Testing, Integration Testing, Regression Testing, Smoke Testing, and others on Test, Stage and Prod environments.
